# MCG Prematriculation Program

## Introduction of Prematriculation

The MCG Pre-matriculation Program is a multi-track academic six-week summer program for students who will be matriculating into their first year of medical school at MCG.

As a pre-matriculation program participant, you will gain exposure to course material, knowledge and skills to help you be successful in your perspective health profession. You will receive:

- An introduction to important aspects of the first-year curriculum through intensive classes
- Specialized seminars from Augusta University leadership and faculty focused on strategies that facilitate success in, and graduation from, health professionals' program.
- Exposure to standardized patients
- Interaction and networking opportunities with administrators, faculty, enrolled students and peers.
- Familiarization with the campus and Augusta
- Variety of social events and activities

## Housing

On -campus housing is provided by the program

Our past participants have stated that being moved into Augusta campus early has helped reduce stress and familiarized them with the area.

## Program Fee

There is a \$75 administrative processing fee. Program participants receive stipends that help defray the cost of books, living expenses, etc. To submit your payment, [Prematriculation admin payment](#)

## Program Stipend

**\$1500 (received in 3 payments)**

1st payment- Initial start date of Program

2nd payment -Mid-term of Program

3rd payment-Last day of Program

## Curriculum

The Pre-matriculation curriculum is designed to provide intense academic enrichment experiences that will challenge and prepare students.

**All Program participants take intensive academic courses in:**

- Biochemistry course which includes Case Base and Patient Centered Learning modules with our dedicated MCG faculty
- Lunch & Learn with Guest Speakers (Weekly)
- Physiology
- Students will also to work with standardized patients in the Physical Diagnosis course in our MCG Simulation Center
